EXPERIENCE

Lead Developer

Sep 2014 - Jun 2024

Chipta · Amsterdam, The Netherlands

- Managed development teams of 3-5 developers using agile methodologies and code reviews
- Architected scalable systems handling extreme traffic spikes, delivering 30-60% performance improvements
- Created comprehensive testing suite (+80% coverage) and CI/CD system enabling reliable regular releases
- Implemented payment integrations with multiple providers, processing tens of millions in transactions
- Developed custom authentication, mailing, and localization systems with backward compatibility
- Created internationalization capabilities enabling market expansion

Lead Developer

Mar 2015 - Jun 2022

Tender-it · Amsterdam, The Netherlands

- Designed and developed complete platform from concept to production
- Implemented Elasticsearch-powered search engine for efficient tender discovery
- Created automated web crawling system indexing thousands of tenders daily
- Built subscription-based authentication with recurring payments supporting business growth
- Delivered intuitive "saved searches" and email notifications for user retention
- Collaborated on frontend optimization using Vue.js

Senior Full Stack

Mar 2013 - Aug 2014

TravelBird · Amsterdam, The Netherlands

- Built iOS app and robust REST API using Django REST Framework for mobile platforms
- Developed comprehensive email marketing system for customer acquisition and retention

Mid-level Web Developer

Aug 2011 - Feb 2013

SWIS · Leiden, The Netherlands

- Delivered web projects for major clients (Bol.com, Gemeente Amsterdam) using Scrum methodology
- Developed advanced jQuery/UX skills and mastered in-house CMS for rapid customization

Junior / Mid-level Web Developer

Jun 2007 - Jun 2011

Gamepoint · The Hague, The Netherlands

- Implemented payment integrations, internationalization, and optimized MySQL database structures
- Advanced from junior to mid-level in 10+ developer team, contributing to large-scale PHP codebase
